

Pre-Academy Application

Please print the attached application and submit the completed form to the middle school which houses the pre-academy to which you are applying.

Thank you for your interest in pre-academies. This is an application for a student to be considered for a pre-academy in Polk County. Each application is for only one student. If you want to apply for more than one student, an application for each additional student must be completed. Only one application will be accepted for each student.

Please take note of the important information below:

- You may only apply for one middle school academy.
- Acceptances are based on the following criteria in the following order:
 - Returning students receive first priority for placement. Once all returning students are placed the remaining slots are filled with new applicants.
- Students may be required to meet a set of minimum requirements for the academic year in order to maintain enrollment in the academy.
- Transportation will not be provided unless the student attends an academy that is hosted by his or her regularly zoned school.
- Out-of-zone students who leave a career academy must return to their zoned school.
