

POLK MEDICAL

ACADEMIES

Ridge Community High School

The medical field is among the fastest growing industries today. Registered Nurses are among the top five largest occupations in the nation.

Ridge Community High School's Medical Academy is a multi-year program. Upon graduation, students will have the necessary skills and certifications for employment or continued education in the health care industry.

From taking blood pressures to assisting with sterile procedures, academy students will be provided with up to date industry information. They will be provided the opportunity to help work community events and complete clinical experiences within the industry.

Whatever your plans for the future, joining Ridge Community High's Medical Academy will provide you with the opportunity for a successful future.

Allied Health Assisting

 Ridge Community's Allied Health Program trains students for health care careers in laboratory and clinical settings. Major areas of allied health include physical therapy, emergency, radiation, laboratory, respiratory medicine and occupational therapy.

Earn A Scholarship

Qualified students are eligible to receive the Gold Seal Scholarship which may pay a significant percentage of tuition and fees to Florida public colleges and universities.

Earn Certification

Industry certification proves to employers that you have the skills they need and gives you a leg up on the competition.

Participate In HOSA

Health Occupations Students of America is a student organization whose mission is to promote career opportunities in the health care field. Students in the Ridge Community Medical Academy have the opportunity to compete at the local, state and national levels in over 65 challenging events.
