Are you preparing for a job?

Why not prepare yourself for a career in the multi-billion dollar home remodeling industry. The iSpaces Academy at Frostproof High School is seeking highly motivated students that have an interest in construction and interior design.

Students will learn a broad range of skills and techniques that could lead to a career or to advanced education. Careers as a contractor, interior designer or home inspector could be in your future if you join this exciting academy.

iSpaces provides students with hands on training in basic construction and interior design. The academy offers a full range of home remodeling topics including: Painting, Tile Installation, Plumbing, Electrical, Block/Masonry, Roofing and much more!
